ELBOW & KNEE PADS

▲ ELBOW PADS – KEY PARAMETERS

GRADE	Modular tactical elbow protection – riot control grade
OUTER SHELL	Hard polymer with composite cap on abrasion-resistant Cordura
PADDING	High-density EVA and closed-cell foam for blunt-force absorption
STAB / SLASH	Reinforced anti-stab panel on elbow point
COVERAGE	Full elbow joint with extension to upper and lower arm
STRAPS	Dual adjustable elastic with hook-and-loop straps with anti-slip grip and quick-release buckles
WEIGHT	500 g/ pair
SIZES	S, M, L, XL, XXL (height 5.2–6.4 ft)
TEMPERATURE	−21 °C to +55 °C
WARRANTY	5 years on materials and construction

▲ KNEE PADS – KEY PARAMETERS

GRADE	Modular tactical knee protection – riot control grade
OUTER SHELL	Hard-shell polymer composite cap; flame-retardant Cordura
PADDING	High-density EVA and closed-cell foam – Level 2–3 equivalent blunt trauma
STAB / SLASH	Reinforced anti-stab panels on knee and shin
COVERAGE	Knee joint and upper shin (extendable to full lower leg for easy handalling)
STRAPS	Adjustable straps above and below knee, patella centering, non-slip, quick-release buckles
WEIGHT	500 g / pair
SIZES	S, M, L, XL, XXL (height 5.2–6.4 ft)
TEMPERATURE	−21 °C to +55 °C
WARRANTY	5 years on materials and construction
